OWN MY LIFE COURSE

The Own My Life course helps women make sense of what has been done to them, discover their strengths and develop the skills to move forward.

Cyfannol Women's Aid's Own My Life groups provide a safe space* for women to meet together to complete the course.

The course is suitable for women who are dealing with a:

- **Difficult relationship**
- **Nightmare ex-partner**
- **Horrible break up**
- **Controlling partner or ex**

“The videos are snappy, science-based and hopeful.”

“Everyone should attend this course.”

Course Delivery and Content

The course aims to educate and empower women who have been subjected to abuse to regain ownership of their lives.

The 12-week programme is designed to be interactive, with lots of short videos, quizzes, and discussion.

The course uses multimedia content to explain complex concepts about trauma and abuse in easy-to-understand video clips, along with videos that explore themes such as disrespect in relationships, abusive behaviour, sexism and misogyny.

The course explores how women can regain ownership of our lives including owning our mind, body, choices, relationships, world, feelings.

The Own My Story Journal provides women with space for reflective practice and includes all the information provided throughout the course. This becomes an ongoing resource for women after the course has finished.

“People are not educated on how hard this is and how long it takes to get over; this course acknowledges that.”

“It emphasises how we are the best experts in our own lives.”

“It's so empowering!”

*If attending the course online, women must have separated (and be living separately from) the partner who hurt them.
