Why Support Matters

CYMORTH I FENYWOD CYFANNOL WOMEN'S AID

In England and Wales, children and young people (CYP) are recognised as victims of domestic abuse if they have seen, heard, or experienced its effects.

We know this can have a lasting impact.
Every child deserves to feel safe, heard, and supported.

Our Children and Young People team provides specialist, compassionate support tailored to individual needs.

"We will listen without judgement and work at your pace."

Our services include...

- Refuge accommodation
- Needs-led 1:1 support
- CYP groups
- Parent & child groups
- Sexual Violence Counselling
- Child to parent violence support
- CYP & family outreach
- Wilderness groups

To refer a child or young person, or to find out more:
